# Class Descriptions

## Snowshoeing:

For centuries, people have been traveling over the snow using snowshoes. Discover this ancient mode of travel for yourself. Instructor Dar Edge will show you different types of snowshoes and their benefits. Learn to travel up and down hill and across a side hill while exploring the winter landscape. Bring your own snowshoes or borrow a pair from us. Footwear should be sturdy snow boots or insulated hiking boots. While we snowshoe, we'll be listening and looking for wildlife tracks and sign.

## Skijoring:

Equestrian (horse) skijoring involves a single horse, guided by a rider, pulling a person on skis who carries no poles and simply hangs onto a tow rope in a manner akin to water skiing. The horse has to be trained to accept the presence of ropes and a skier behind them and to remain calm in racing conditions. Participants must bring their own downhill skis and boots. Helmets are recommended. You are welcome to just observe this class, too.
